SIGMOD 2002
Preliminary Call For Papers

The SIGMOD conference is a leading forum for database researchers, practitioners, developers, and users to explore cutting-edge ideas and to exchange techniques, tools, and experiences. We invite the submission of original research contributions and industrial papers, as well as proposals for panels, tutorials, and demonstrations.

Important Dates:
- October 26, 2001: Research paper abstracts due.
- November 2, 2001: Research and industrial papers, panels, tutorials, demos due.

All submissions will be handled electronically. Please see the website for specific submission instructions.

Chairs:
- General Chair: David DeWitt, University of Wisconsin - Madison
- Program Committee Chair: Michael Franklin, University of California, Berkeley
- Demonstrations Chair: Paul Aoki, XEROX PARC
- Industrial Chair: Mike Carey, Propel Inc.
- Tutorial Chair: Peter Scheuermann, Northwestern University
- Panels Chair: Donald Kossmann, T.U. Munich
- Proceedings Chair: Bongki Moon, University of Arizona
- Electronic Proceedings Chair: Anastassia Ailamaki, Carnegie Mellon University
- Corporate Sponsors Chair: Jeffrey Naughton, University of Wisconsin - Madison
- Local Demonstrations Chair: Miron Livny, University of Wisconsin - Madison

Program Committee:
- Amr El Abbadi, UC Santa Barbara
- Serge Abiteboul, INRIA-Rocquencourt
- Gustavo Alonso, ETH Zurich
- José A. Blakeley, Microsoft Corporation
- Philip Bohannon, Bell Labs
- Philippe Bonnet, Univ. of Copenhagen
- Stephane Bressan, Nati. Univ. Singapore
- Tiziana Catari, Università di Roma
- Sudarshan S. Chawathe, Univ. of MD
- Mitch Chernack, Brandeis University
- Panos K. Chrysanthis, Univ. Pittsburgh
- Roberta Jo Cochrane, IBM Almaden
- Umeshwar Dayal, Hewlett-Packard Labs
- Mary Fernandez, AT&T Labs - Research
- Luis Gravano, Columbia University
- Jarek Gryz, York University
- Oliver Günther, Humboldt Univ., Berlin
- Peter J. Haas, IBM Almaden
- Jiawei Han, Simon Fraser University
- Christian S. Jensen, Aalborg University
- Björn Pör Jónsson, Reykjavik University
- Daniel A. Keim, ATT & Univ. of Konstanz
- Anupam Joshi, UMBC
- Francois Llirbat, INRIA Rocquencourt
- David Lomet, Microsoft Research
- Ron Morrison, University of St Andrews
- Rajeev Motwani, Stanford University
- David Munro, University of Adelaide
- Richard Muntz, UCLA
- Z. Meral Ozsoyoglu, CWRU
- Michael Rabinovich, AT&T Labs
- Erhard Rahm, Univ. of Leipzig
- Louigia Raschid, University of Maryland
- Betty Salzberg, Northeastern University
- Jerome Simeon, Bell Laboratories
- Vassilis J. Tsotras, U.C. Riverside
- Victor Vianu, U.C. San Diego
- Arkady Zaïdakovsky, Monash University
- Stan Zdonik, Brown University
